

Murray City's Adopted Budget

MURRAY

Fiscal Year 2016

Murray City's Budget in Brief

The budget document is accessible in electronic form on the City's website. The City hopes individuals will find the budget document to be user friendly and informative. The document can be navigated using the PDF bookmarks for each major section. The budget has four different levels of detail: the total combined budget; budget totals by fund; budget totals by department; and line item description. At the beginning of each department section the City has added budget summaries with expenditure categories to show changes over the prior year's budget. In addition, many departments have provided a narrative of their budget changes. At the account detail level, City departments have provided, in many instances, an explanation for the budget change. The City hopes this document provides greater communication and transparency to our citizens and leaders.

Budget Approach

1. The City uses Target Base Budgeting which is a method of budgeting that identifies overall expenditures for an agency or unit based on the estimated revenue available to Murray City. This method allows control to be imposed at the Mayor and Council levels while allowing decentralization and flexibility at the City Department levels.
2. Operational budgets were asked to stay flat. Line item adjustments came from within the department and by re-allocation of budget resources. In some instances budget increases were necessary. The total increase in the General Fund's budget, before the proposed sales tax and Valley Emergency Communication Center increases, was approximately \$550,000.

Revenue

- The projected revenue budgets are conservative
- If the proposed .2% sales tax rate increase passes, the sales tax revenue budget is increases by \$2,700,000
- Other increases in the General Fund revenue budget is from the current sales tax rate \$695,000, transient room tax \$42,000, natural gas franchise fees \$40,000, building permits \$55,000, ambulance \$80,000, and administrative fees \$152,802
- There were some decreases in revenue that are of note, motor vehicle fee in lieu \$70,000, franchise fee telecommunication \$65,000, recreation center fees \$25,000, transfers \$45,000

Operational Budget Notes

- The General Fund is scheduled to add three police officers, two fire fighters, one streets maintenance worker, and one court clerk
- The economic incentive for local businesses was continued
- One sergeant promotion in the Police Department was funded

Personnel Changes

- Proposed employee compensation increases are 1% COLA, 2% merit, and promotion adjustments
- Insurance costs increased by approximately \$314,000 or 8%, some of the increase was offset by the City's insurance opt out program
- Retirement costs stayed relatively flat, Utah Retirement System does not have any retirement rate increases scheduled
- Increase in personnel costs for the City are approximately \$1.374 million dollars over prior year

Informational Employee Items:

- Employee Holiday Bonus - \$100 per employee (\$60,000)
- Employee Appreciation Day - Ice Cream lunch (\$1,000)
- Employee Holiday Time Off - Including December 24th as additional day off along with the designated holiday on December 25th. Also including early closing of business on December 31st at 3:00 p.m. Adjustments made to those who need to work shifts by department
- Floating holidays for employees are currently at 24 hours. Floating holiday hours expire and reset annually on the calendar year. They have no dollar value attached

Capital and Use of Reserves

General Fund

- The General Fund does not have any scheduled use of reserves in fiscal year 2016

Capital Projects Fund

The Capital Projects Fund's budgets are funded by the prior year General Fund budget savings program, this program allows City Departments to save one-time money from operations to be used for one-time purchases in the next fiscal year. In fiscal year 2016, funding for the Capital Project Fund is also provided by the .2% sales tax increase. Some of the projects are as follows:

- Replacement fire truck \$650,000
- Road projects \$410,000
- Ten replacement police vehicles \$350,000
- New City phone system \$391,000
- Murray Park Trail \$240,000
- Pavilion 1, 2, 3 restrooms \$227,000
- Murray Park Pavilion \$150,000
- Two park playgrounds \$140,000
- Animal Shelter \$100,000
- Additional trails \$200,000
- Pickle ball courts \$400,000
- Murray Park bathroom and site preparation \$400,000
- Additional road projects \$650,000
- Additional road maintenance \$200,000

Enterprise Fund

- Water projects \$2,450,000
- Waste Water projects \$1,515,000
- Storm Water projects \$258,000
- Solid Waste equipment \$270,000
- Power payoff 2006 Electric Revenue Bonds \$6,900,000

General Fund Transfer to Capital Projects

In compliance with Utah State Code Section 10-6-116(2), Council authorizes the City Finance Director to move General Fund reserves to the Capital Projects Fund if the General Fund's reserves are in excess of the 25 percent legal reserve limit.

Budget Outlook

The City was able to balance all of the operating budget cost increases with conservative revenue projections. The City continues to benefit from a stable economy. With this stability, sales tax revenue has shown continued growth over the last two years, although it is just recovering to fiscal year 2006 revenue levels. The Library and the Storm Water Funds are the two most financially challenged Funds in the City. The Library has started to decrease book circulation to balance their budget. The Library is primarily funded with property tax revenue. Property tax revenue only increases with new growth in the City or a tax increase. Since Murray City is mostly built out, a property tax increase is one of the few ways to maintain the current level of service our citizens have come to expect from their Library. This will need to be considered in fiscal year 2017 budget year. The Storm Water Fund is a challenge to balance with the present revenue. The budget is very inadequate when considering the future capital projects. All things considered, the City will continue to make the difficult decisions to balance the budgets with the resources our citizens have provided and to maintain a sound financial position.

In summary, the Council, Mayor, and staff have provided a balanced and sustainable budget for citizen consideration.

If anyone has questions on the budget please feel free to contact Justin Zollinger, Finance Director, at 801-264-2669 or by email jzollinger@murray.utah.gov.

Budget Addendum Fiscal Year 2016

Public hearings are required before the City is able to waive fees, donate or provide funds or property to non-profit entities. (To provide property or funds to for-profit entities, the City must receive value for value.) In an effort to avoid the need for separate hearings throughout the year, I am requesting that these annual or one-time requests we are aware of, be handled as part of the City Budget process. This will save budget dollars on notice costs and administrative time. It is my hope that during this budget process, we can agree on these requests that we identify. Other items are also listed here for your review. Thank you for your consideration.

Human Resources Budget Summary

Human Resources	Fiscal Year 2015	Fiscal Year 2016
Wages & Benefits	274,463	284,191
Operations	36,784	29,784
Utilities	1,530	1,530
Assessments	0	0
Capital	0	0
Contractual Services	0	0
Total Human Resources	312,777	315,505

In the Human Resources budget for 2015-2016, only three (3) line items were adjusted creating an overall lower budget:

Small Equipment: Increased to \$1,500 (\$1,000 increase) as a safety net in the event that pieces of equipment were to break down over the next year.

Education and Training: Increased to \$4,000 (\$1,000 increase) to be able to better provide Human Resource staff opportunities to attend seminars and conferences.

Exam & Test Rental: Decreased to \$1,000 (\$9,000 decrease) since we have partnered with other agencies to administer Firefighter testing, we no longer have to pay for the expensive test alone. I have requested that I be able to take that savings and create a career ladder path in HR so that my HR Analysts be made Sr. HR Analysts.

City Attorney Budget Summary

City Attorney	Fiscal Year 2015	Fiscal Year 2016
Wages & Benefits	434,423	467,727
Operations	23,973	28,295
Utilities	3,300	2,300
Assessments	0	0
Capital	0	0
Contractual Services	0	0
Total City Attorney	461,696	498,322

The City Attorney budget consists primarily of wages and benefits. Changes in the 2015-2016 budget from the 2014-2015 budget are due to City wide adjustments in wages and benefits. The City Attorney operations budget did increase by \$5,000 for internal training and other office activities to promote working relationships.

The City Attorney budget for 2015-2016 is essentially a status quo budget from its 2014-2015 budget.

Police Budget Summary

Police	Fiscal Year 2015	Fiscal Year 2016
Wages & Benefits	8,369,388	8,712,889
Operations	856,592	814,875
Utilities	131,794	131,794
Assessments	367,180	355,404
Capital	0	0
Contractual Services	714,990	760,446
Total Police	10,439,944	10,775,408

The budget for the Police Department reflects very little change. The operations costs of the department are flat with no significant changes. The increase in cost of wages is in accordance with the Mayor's proposed merit and COLA increases. As part of a restructuring of the Police Department we have asked for a new sergeant position. This position will replace a position that was moved to fill an immediate need in our narcotics unit. We are not asking for a new hire to fill this position. We have had to make adjustments in our contractual services accounts due the increase in the amounts we are required to pay to VECC, for communications. The contract with West Jordan for Animal Control Services is being renewed. West Jordan is not increasing the costs this year.

Contractual Services	231,766	235,472
Total Fire	7,090,972	7,178,409

We have made some minor adjustments in our 2016 Fire Department Budget based on our needs over the past year. Some accounts in our 2015 Budget were over-spent while others were somewhat under budget.

Our department lost two firefighters in the 2011 early retirement option. In order to cover vacations and sick leave, we have been forced to shut down an ambulance on several occasions. We are, therefore, requesting those two positions be filled in the upcoming budget year. We are also requesting our overtime account be increased to accommodate our needs for call-backs, training, and other coverage.

In addition, we are currently maintaining four fire stations and three out-buildings. We make every effort to keep costs of maintenance and repairs at a minimum, while keeping our facilities in good condition. We have requested a modest increase in this account.

We are also requesting an increase in our vehicle maintenance account. As our vehicles age, the cost of keeping them in good operable condition increases and is imperative to their dependable and safe operation.

NOTE: Funds budgeted for the Medical Advisor contract and Ambulance Billing Service has been moved from "Operations" to the "Contractual Services" line.

Public Works Budget Summary

Public Works	Fiscal Year 2015	Fiscal Year 2016
Wages & Benefits	1,718,878	1,832,644
Operations	610,325	363,838
Utilities	72,700	72,700
Assessments	151,707	140,019
Capital	0	0
Contractual Services	0	0
Class C	1,325,000	1,464,412
Total Public Works	3,878,610	3,873,613

The public works operating budget includes increases for a new maintenance worker employee, one-time retirement payout, and additional funding for education and training of employees. Overall, the operating budget is lower than last fiscal year because there are no large capital projects that require interlocal or professional services agreements. The Class C road budget includes funds for the following projects: 1) Briar Meadows Drive, 2) 440 East – Wilford to 525 East, 3) Rodeo Lane – 6400 South to Greenfield Drive, 3) increased funds for repairing sidewalks and ADA ramps, 4) and installation of bicycle route sharrows on Vine Street – east of 900 East.

Parks & Recreation Budget Summary

Parks & Recreation	Fiscal Year 2015	Fiscal Year 2016
Wages & Benefits	3,717,183	3,819,108
Operations	1,333,768	1,364,768
Utilities	589,730	592,930
Assessments	132,548	115,475
Capital	0	0
Contractual Services	0	0
Total Parks & Recreation	5,773,229	5,892,281

The operating budget for parks and recreation remains approximately the same as last year with line item increases for vehicle maintenance; youth sports uniforms, volleyball equipment, and Fun Days. Funding for the Miss Murray Pageant was moved from the cultural arts budget to the non-departmental budget. The Heritage Center has increased its temporary employee and fuel line item to fund increased hours for the driver of the new bus. Additionally, the Heritage Center has increased line items to fund new programs, trips, and increasing food costs. The cemetery will propose removing selected roads and replacing with new burial lots funded by revenue from lot fee increases during the upcoming fiscal year.

Administrative and Development Services Budget Summary

ADS	Fiscal Year 2015	Fiscal Year 2016
Wages & Benefits	3,959,412	4,094,744
Operations	1,063,113	1,195,023
Utilities	175,480	175,480
Assessments	34,741	34,036
Capital	0	0
Contractual Services	0	0
Total ADS	5,232,746	5,499,283

The proposed budget for the ADS department includes a minor increase from the previous year's budget mainly attributed to the proposed salary and benefit increases for the whole city. The department is proposing no increases in staffing. However, there are operation increases mainly attributed to increases in funds for election which is adjusted during election cycles. There are also increases in IT and GIS equipment and software maintenance costs due to our transition to new software packages for the City. However, with these minor increases, the overall, budget for the department is similar to operations from the previous year.

Library revenue is decreasing, due to the dynamics of Motor Vehicle Fee-in-Lieu. We have budgeted for wage increases at the expense of the book budget and the capital budget. We are striving to be more efficient to help lower our salary costs with the implementation of RFID self-check. Needed upgrades to the library building will have to be postponed and we will have to get by with fewer materials, even though the demand for those materials, as evidenced by our steadily rising circulation, has increased.

The operating budget for the water fund remains approximately the same as last year with line item increases for a new employee, pumping improvements, and equipment upgrades. Capital projects include: 1) 500 East well bank stabilization, 2) 5900 South water line – State Street to 700 West, 3) purchasing a new service truck, backhoe, and utility vehicle, 4) adding a heater to the vehicle storage building, and 5) various pipe replacement projects in residential streets. Approximately \$1.7 million of reserves will be required to fund these projects.

The operating budget for the waste water fund remains approximately the same as last year with line item increases for small equipment purchases and Central Valley Water Reclamation Facility operations. Capital projects include: 1) upsizing and relocating the Riverside sewer line and removing the lift station, 2) purchasing a sewer cleaning truck, and 3) adding an air scrubber to the Fairbourne lift station. Approximately \$1.3 million of reserves will be required to fund these projects.

With fiscal year 2015 nearing an end...the Power Fund should post another good year. This time last year the Power Fund was taking on an approximate \$2 million increase in power costs while staving off a potential rate increase. Contrast that with fiscal year 2016 and the Power Fund budget reflects an approximate 2.7% decrease in energy costs. Favorable energy prices for the summer season of fiscal year 2016 paired with the ongoing conservative nature of the Power Department along with prudent decision making by City leaders make for a great fiscal year 2016 budget forecast.

One of the biggest expenditures of the Power Fund budget is \$7 million being transferred from Power Fund reserves to pay off the last remaining 2006 Electric Revenue Bond...by June of 2016 the Power Fund will be completely debt free!! This will save \$877,000 over five years in interest payments and free up \$1.6 million for working capital on an annual basis. Overall this should be a win-win for the Power fund and for the City as this should positively affect any future funding and bond ratings for Murray City.

Overall the budget is relatively flat with the majority of line items remaining unchanged. Those line items requiring an increase are necessary for continued system reliability and department viability. This proposed budget is balanced and fiscally responsible reflecting the conservative values of the Murray City Power Department.

The golf course operating budget remains approximately the same as last year with line items increases for education and training of employees, cart batteries, HVAC maintenance, telecommunications, and junior golf league. Capital projects include purchasing the following: 1) turf utility truckster, 2) top dresser, 3) pick-up truck, and 4) heaters in the maintenance building. Approximately \$7,000 of reserves will be required to fund these projects. Additionally, the capital projects fund will transfer \$100,000 to increase fund reserves for the future replacement of the irrigation system.

The solid waste operating budget increased because of higher waste collection and disposal costs. The increased costs will be offset by a fee increase that goes into effect on August 1, 2015. The solid waste budget will fund the replacement of a garbage truck used to pick-up waste in the park system. Approximately \$270,000 of reserves will be required to fund this purchase. Moreover, the contract with the City's waste contractor expires on December 31, 2015. As a result, the City will issue a Request for Proposals (RFP) for waste collection and disposal services in Fiscal Year 2016. Proposed services and fees will be reviewed and considered for implementation.

There are some proposed changes in line items due to fluctuations in the amount of tax increment being received in the areas. There are also changes in line items to account for projects in the Central Business District to facilitate our downtown development and a decrease in expenses due to a payoff of bonds in this area. Overall, the proposed RDA budget continues to focus on efforts to enhance areas in need of redevelopment while still maintaining adequate reserves for future projects.
